

Our Beverly Office will open Jan. 18th!

We are moving full steam ahead with the construction at 30 Tozer Road in Beverly and will be opening the doors to our patients on January 18th.

Below is a sneak peak at our progress:

Important Information about Your Upcoming Visit

As of January 18th we will start seeing patients in BOTH our new office in Beverly and in Salem.

IF your appointment has been moved to Beverly, we will contact you directly about the change (both by phone and e-mail).

As of January 18th, all appointments in Salem will be at our 116 Highland Ave. office while we renovate the office at 84 Highland Ave.

Please let our staff know if you would prefer to have your future visits scheduled at the Salem or Beverly office and we will accommodate you.

Emergency Room Visits

If you have an urgent care matter, please contact our office first before going to the emergency room.

- Our office is open on Saturdays, Sundays and holidays from 8 a.m. to noon for URGENT care appointments.
- If you call after regular office hours, your message will be sent to the on-call doctor or nurse, who can answer any questions and advise you if your child needs to be seen immediately.
- A doctor is always on call if the nurse has any questions or needs assistance.

Your Feedback is Important

Meet Our Specialists

Asthma Specialist

Julieta Perez, RN, RRT, AE-C is PAGS Certified Asthma Education Nurse. She works with our physicians, nurse practitioners and families of our asthmatic patients to help better manage and control symptoms.

Lactation Consultant

Our lactation consultant, Sue Nevins, RNC, IBCLC, is available to meet with you and your baby to assist with any and all breastfeeding concerns and ensure that your child is receiving the proper nourishment. She will also help you with positioning issues, nipple care, and overall maternal health.

Child and Adolescent Psychiatrist

Dr. Barreto-D'Silva will be joining PAGS in January and will be available to meet with patients and their families to discuss behavioral health needs.

You can set up individual appointments with them by calling our office or they can work in conjunction with your care team to make sure your child is receiving the best care possible.

Patient Gateway

PLEASE ENROLL IN OUR PATIENT GATEWAY.

Patient Gateway allows you to conveniently, efficiently and securely manage your health and communicate with your care team at PAGS.
